We have examined the books and accounts of St. Luke's Hospital for the year ending December 31, 1929, and certify that the foregoing Balance Sheet and accompanying Statement of Income and Expenditure have been properly prepared from the books and subject to the omission of a specific provision for depreciation of the Hospital Buildings since 1912, in our opinion, fairly set forth the financial position of the Hospital as at December 31, 1929, and the result of the operations for the year ending on that date.

## **REPORT OF THE SCHOOL OF NURSING FOR THE YEAR 1929**

A partial reorganization of the nursing staff of St. Luke's Hospital was made during the year 1929 with the result that each special department concerned with the nursing service is under the direction of a well prepared supervisor. This change applying particularly to the Main Building has brought about many improvements especially on the Medical and Surgical wards. With the introduction of new methods in medical science, nursing must keep abreast and undergoes many changes. Constant supervision and instruction therefore prepare the student to more intelligently do her part in hastening the recovery of the patient.

In order to supplement the nursing service rendered by the student group, the graduate general duty staff was increased to ten. These nurses were assigned to evening and night duty in the private pavillion.

New classes enroll in St. Luke's School of Nursing in the early part of February and September of each year. It has been the custom to welcome them shortly after their arrival by having a reception and tea and at this time they meet members of the Board of Trustees, Woman's Board, Medical Board and School of Nursing Faculty. An interesting capping ceremony has been instituted which occurs after the students have completed satisfactorily the preliminary course at the end of the first five months. These students were privileged to hear brief addresses from Mr. Schweppe and our Chaplain as well as words of welcome from members of the Woman's Board and the Medical Board.

The annual graduating exercises took place in St. James Cathedral, Thursday evening, June sixth. The Commencement address was delivered by the Dean of the Cathedral, The Very Rev. Duncan H. Browne. Following the exercises, a reception was held at the Hospital in honor of the graduating class, their relatives and friends. During the Graduation Week many delightful entertainments were given in honor of the graduating class. The interest shown by the various Boards on this occasion is significant of their interest and co-operation throughout the school life of the student, and develops in the nurse a fine spirit of loyalty for the policies of St. Luke's.

The seventh annual banquet of the Alumnae Association given in honor of the members of the graduating class was

held at the Drake Hotel, Saturday evening, June 8th. The entertainment and addresses were greatly enjoyed and the young graduates met Alumnae from all parts of the country who had returned for the banquet. St. Luke's staff and Alumnae were well represented at the Congress of the International Council of Nurses held in Montreal July 6th. Approximately forty were in attendance.

The students are indebted to Mrs. Lester Frankenthal, Chairman of the Nurses' Committee of the Woman's Board, for a delightful Valentine party.

St. Luke's Branch of the Young Women's Christian Association has presented many interesting and varied programs through the school year. Three students served as delegates to summer conferences held in Lake Geneva and Camp Grey.

Considerable attention has been given to extra curricular activities during the past year. Social functions sponsored by classes, trips to interesting parts of the city, special lectures and entertainments were planned under the guidance of the Welfare Director of the School. Of special interest has been the development of a glee club and orchestra. Through the assistance given by the Woman's Board, it was possible to secure Mr. Marinus Paulsen, Director of the Peoples Symphony to direct the orchestra and glee club.

The Woman's Board again made possible a scholarship for the summer quarter at the University of Chicago. This scholarship was awarded to Miss Margaret Nicolai who returned to the faculty as Assistant Instructor in Principles and Practice of Nursing. To further encourage high standards in the School, the Woman's Board granted a scholarship of the value of twelve hundred dollars for a year at Teachers College, Columbia University. Miss Josephine Gilbert was granted a leave of absence for a school year to accept this scholarship.

This report would not be complete without a word of appreciation to the Presidents of the Board of Trustees, the Woman's Board and the Medical Board for the genuine interest shown in the nurses of St. Luke's Hospital. Individual members have so frequently contributed to the social well being of the students. To the members of the Medical Board we are particularly indebted for their attention to nurses who have been ill and their splendid co-operation in giving lectures in the various clinical courses.

ADA REITZ CROCKER.

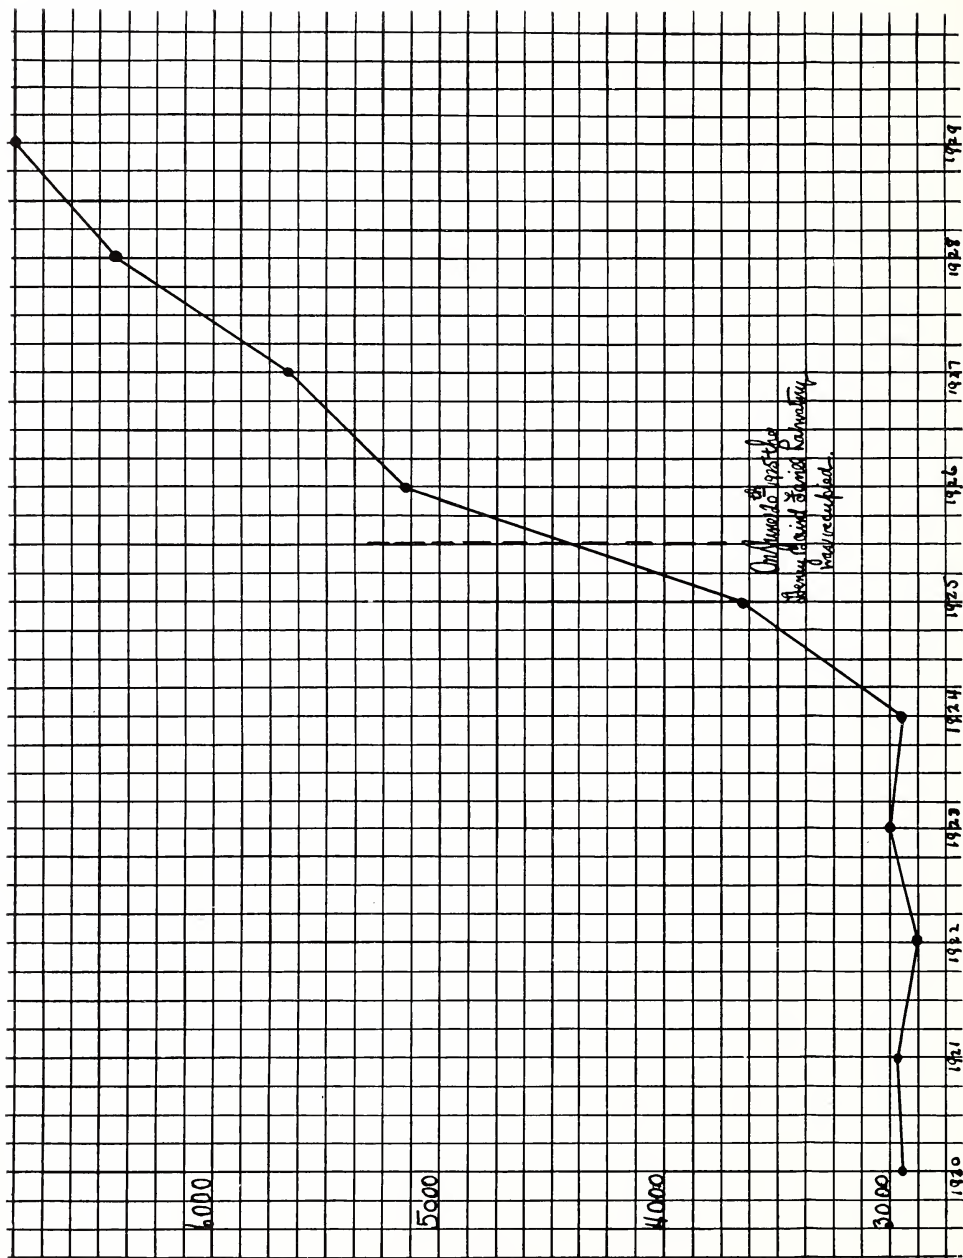

Director of Nursing.

## HENRY BAIRD FAVILL LABORATORY REPORT

An essential and integral part of a large hospital is organized and efficient clinical laboratory service. At St. Luke's Hospital the Henry Baird Favill Laboratory has won for itself the reputation of providing such service for the patients and physicians of the community. Almost from the founding of the Hospital, clinical laboratory examinations of some kind were made, but the existence of a unit laboratory organization began in December of 1903 under Dr. T. L. Dagg. He was succeeded in 1908 by C. B. Croy who remained as a laboratory worker for a few months after Dr. E. R. LeCount was secured as consultant pathologist. Soon after Dr. LeCount's appointment, a much needed improvement was made by organizing the laboratory under the direction of a well-trained resident pathologist with the assistance of Dr. LeCount as consultant. The first of these residents was Dr. D. J. Davis, now Dean of the Medical School of the University of Illinois. He was succeeded after two years by Dr. A. M. Moody who served about four more years. This arrangement was interrupted for two years during the war when the Drs. George F. and Gladys Henry Dick served, but it was resumed again May 1st, 1919 with the appointment of Dr. Edwin F. Hirsch, who is now in charge and has served continuously for ten years.

These phases in development took place in laboratory quarters on the sixth floor of the building now used for housing internes, but a broad expansion in the work and physical surroundings of the laboratory occurred when on June 20, 1925 the 18th floor of the Main Building set apart and constructed as the Henry Baird Favill Laboratory was occupied. This splendid laboratory floor with approximately thirty-two rooms was planned and organized for the purpose of completing routine clinical examinations for the patients of the hospital and for engaging in research investigations of special problems concerned with disease.

The plan of organization as outlined has resulted not only in a greater precision and promptness as regards the routine work but also in the publication of substantial investigations in current medical journals. The experiences of the first years in the old laboratory quarters in testing this plan and those of the succeeding years in the new quarters leave no doubt that the benefits derived by combining the routine work and the research in a unified organization are large; because problems for intensive study develop as the result of certain

routine examinations; because the experience and results of such investigations are of great value in interpreting similar conditions in other patients of the hospital, and because the zeal and interest of research is instilled into the laboratory personnel even to the one doing the most menial service.

In order to present concisely in a graph the growth in the volume of routine work during the last ten years the following curve was constructed. Against the horizontal line in year intervals are plotted in the vertical dimension the average number of examinations per month for each year.

For the year 1929 the following table briefly summarizes the various kinds and number of examinations:

Shortly after New Year's of 1929 a branch laboratory was established in the Social Service Department to provide laboratory service for patients entering the various Clinics.

After the laboratory became an organized unit, research investigations were undertaken. These in a large measure at first were supported directly by the Hospital, although certain studies were made possible by special appointments, as through the Otho S. A. Sprague Memorial Fund of the University of Chicago. At various times sums of money were given by the Woman's Board of the Hospital to provide special apparatus. After the war, support for research studies came to the laboratory from a number of outside sources. The first of these was the Winfield Peck Memorial Fund, administered through Dr. J. A. Capps. Started in 1921, it has paid the salary of a research assistant and from time to time has supplied funds for purchasing special equipment needed in certain types of investigation. A considerable number of publications have appeared under this Fund. Another sum of money given in 1921 by Mr. Seymour Coman was used at that time for the investigation of certain chemical constituents of the blood in chronic nephritis. In the late summer of that year Mr. Coman suddenly died and his estate, which was bequeathed to the University of Chicago in the trusteeship of Dr. J. A. Capps, provided for the support of three well-paid fellowships. In as much as Mr. Coman's interest in medical problems had been fostered to some extent by the Laboratory at St. Luke's Hospital, and in keeping with a feeling that he would like to have one of these fellowships allotted to the St. Luke's Hospital Laboratory, arrangements were made by Dr. Capps through the President of the University of Chicago and the Department of Chemistry so that such an appointment was made. The time elapsing to complete all of these arrangements delayed the actual appointment of the Seymour Coman Fellow in the Laboratory until January 1, 1924, when A. P. Locke (Ph.D. Kent Chemical Laboratory 1922) reported for duty. He has held this appointment each year since then and has published investigations in the field of immunology and more recently on copper metabolism in pernicious anemia.

In bringing together these steps in the establishment of the Seymour Coman Fellowship at the St. Luke's Hospital Laboratory the chronologic order of development has not been kept in strict sequence in all respects. In 1922 Mrs. Harriett Blair Borland gave to St. Luke's Hospital the sum of \$40,000 known as the John Jay Borland Fellowship Fund, the income

of which provides for salary and expenses connected with a fellowship in Clinical Medicine. Dr. J. A. Bargaen, in July 1922 was the first appointee. He held the fellowship for one year and studied problems concerned with bacterial endocarditis, and then went to the Mayo Clinic. His work was taken up by Dr. A. D. Biggs who held the appointment for the year ending July 1, 1924. Then followed the appointments of Drs. Warner S. Bump, R. D. Evans, and S. M. Crowe, Dr. Crowe having the appointment about a year and a half ending December 1, 1928, when he was obliged to leave on account of illness. Dr. Paul J. Breslich, the present Fellow, has held the appointment since December 1, 1928. Each of these appointees has contributed one or more reports during his tenure. Recently Mrs. Borland added \$10,000 to the original gift, an increase that will enable a larger stipend for the Fellow. Mrs. Borland has also contributed substantially each year beginning with 1924 to salaries in the Laboratory.

The next addition to research began in July 1925 soon after the new quarters, the Henry Baird Favill Laboratory, were occupied. This support came through the generosity of Mr. Charles H. Schweppe and provided for another fellowship in conjunction with the investigations which A. P. Locke was carrying on, and further increased the salary of the Coman Fellow. Miss Edna Main was appointed to the Charles H. Schweppe Fellowship and has held the appointment since the Fellowship was established in 1925. In co-authorship with A. P. Locke a number of substantial publications have been completed by Miss Main.

This much support for research, then, was organized at the time the Henry Baird Favill Laboratory was occupied and for a while the further entrenchment and safe guarding of these funds was paramount, to the end that all should give the maximum yield and be functioning economically. Then, too, the rapid expansion of the routine work demanded close supervision and thought in order that it too should develop properly and maintain a high standard of efficiency. These co-ordinations finally reached the stage where further expansion of the research was possible. In March 1929 Dr. L. E. Schmidt provided support for a fellowship in Urology to which Dr. Frank E. Cochems was appointed for the year, and in October 1929 Dr. Harry Culver made possible the appointment of Miss Doris Boekius as bacteriologist for special research studies in Urology. Additional aid to the investigations of A. P. Locke was provided toward the close of 1929 by the

granting of an Eli Lilly Fellowship jointly to St. Luke's Hospital and the Department of Chemistry of the University of Chicago. David Rosbash was appointed to this Fellowship for a year beginning January 1st, 1930. Under the provisions of the will of Watson F. Blair (deceased), St. Luke's Hospital received in 1929 a gift of \$25,000 for research. The income from this money recently became available and plans have been made to organize the work under this Fund.

One of the prime essentials of a well rounded research department is an adequate Library. Fortunately the nucleus for an excellent hospital Library was provided through the gift by Dr. L. L. McArthur of his large private library and the periodicals coming to the Hospital and accumulated in the old laboratory quarters. After these were consolidated in the Library of the Henry Baird Favill Laboratory, a Librarian was placed in charge. The Library Committee of the Staff working in conjunction with the Librarian and the Hospital has supervised an extension of the volumes and the completion of the files so that now a substantial Library exists.

Another friend of the Laboratory, Mr. A. B. Kuppenheimer, has given funds at various times for the purchase of special equipment such as, a very fine binocular microscope with special lenses and attachments, and other items. During the past year he provided a large photomicrographic camera and stand which has been installed in the Laboratory and is used in preparing illustrations for manuscripts and records. Such additions are valuable assets to the Laboratory and Hospital.

While the structure of the Laboratory organization for routine examinations and research investigations as traced in the preceding paragraphs seems well rounded, it must continue to develop in order to maintain its position. This further improvement in status will depend in a large measure upon further funds for purchasing equipment and increasing the corps of workers.

## THE CHAPLAIN'S REPORT—1929

To the Board of Trustees,  
St. Luke's Hospital,  
Chicago.

In any Church hospital where conditions warrant a resident Chaplain, his annual report must, in large measure, cover the same ground year after year.

Since the close of 1928, the new Grace Church, immediately adjoining St. Luke's and which serves as the chapel of the hospital, has been completed. It is not too much to say that few hospitals have so fine a chapel, to which, by the courtesy of Grace Church, nurses, patients, visitors,—all have direct access for devotional purposes. With the opening of the new church the activities of the parish have claimed much of the Chaplain's time, but he has at least aimed to keep in touch with patients of the Episcopal Church, since St. Luke's is an Episcopal Institution, and to respond to other special calls irrespective of the source from which such calls have come. This interest has been thoroughly appreciated by all those to whom he has ministered.

It is increasingly plain that in order to maintain effective pastoral ministrations within St. Luke's the work must be entrusted to a Chaplain who is free from other Church interests and who would make such ministrations his first care.

As in former years, the Chaplain desires to extend to the doctors, internes, nurses and general employees of St. Luke's Hospital his sincere thanks for their kindly co-operation in his work, and their willingness to further it as far as they have been able. He very much hopes that the Chaplain of St. Luke's may always count upon and receive the same general helpfulness.

Respectfully submitted,

ROBERT HOLMES,  
Chaplain.

April 4th, 1930.

AS TO

## ENDOWED ROOMS AND BEDS

A donation of \$5,000 endows a bed in a ward with the right to name the bed in perpetuity, but without the right to nominate occupants for the bed.

A donation of \$7,500 endows a bed in a ward with the right to name the bed in perpetuity and the right to nominate the occupants of the bed during the life of the endower.

A donation of \$10,000 endows a private room with the right to name the room in perpetuity, but without the right to nominate the occupants of the room.

The sum necessary to endow a private room in perpetuity with the right to name the occupants thereof shall depend on the size, location and general desirability of the room selected.

The right to nominate the occupants of a bed or room shall be understood to mean:

That the endower shall have the right to nominate one patient at a time to occupy the said bed or room, and if all beds or rooms are occupied to a preference over all other applicants when a vacancy occurs.

In the event that an endowed bed or room is occupied the Hospital reserves the right to place the patient in some other equally good bed or room.

Persons nominated to free beds or rooms should be worthy subjects for such charity.

Persons whose means admit of their paying for hospital care and treatment are not acceptable as occupants of free beds.

# Information Relative to Pay Patients

Under no circumstances, except in an emergency, should a patient come to the Hospital without first having arranged for accommodations.

Medical and Surgical Fees in the case of pay patients are fixed by private arrangement with the Attending Physician or Surgeon.

## PRIVATE ROOMS

The rates in the Smith Memorial Building are: Single rooms, \$7.00 to \$17.00 per day. Relatives or friends will be accommodated at the same rates as patients when the available space will permit.

The rates in the Main Building:

Single Rooms, per day.....	\$5.50
Semi-private Rooms, per day.....	4.50
Ward rates, adults, per day.....	3.00
Children under twelve years old, per day.....	1.00

## GRADUATE NURSES

Graduate special nurses may be employed by patients at the following rates:

Twelve hour day .....	\$ 7.00
Twenty-four hour day .....	8.00
Board for nurse, per week.....	12.00

The entire transaction is directly between the nurse and the patient and payment should be made to the nurse. Graduate special nurses on 24-hour duty are to have eight hours rest at night and two hours off duty during the day.

## AN EXTRA CHARGE WILL BE MADE FOR THE FOLLOWING:

Use of operating or delivery rooms; gas anaesthetics; X-Ray and electrical examinations and treatments; Electrocardiographic tests; Metabolism tests; Physiotherapy treatments and unusual articles of diet, medicines, apparatus and dressings.

## REPORT OF PRESIDENT

To the Board of Trustees,  
St. Luke's Hospital,  
Chicago, Illinois.

Gentlemen:

The Woman's Board begs to submit its Annual Report.

There have been five resignations from the Board and we have elected six new members, giving us a total Active Membership of fifty-six.

On October 22nd we held our Third Fashion Show at the Stevens Hotel, with net proceeds of \$40,000. This large amount is partly due to the fact that each committee chairman assumed the cost of her committee. Such items as secretarial work connected with the sending out and selling of tickets and boxes, compiling the program, arrangements with shops and appointments with manikins and all routine work that has grown into huge volume do not appear in the regular expenses of the Fashion Show. Also, the Chairman of the Committee on Decorations paid for the stage setting. Our fourth Show will be held on October 21, 1930.

The work of the Social Service and Out Patient Department, financed by the Woman's Board, continues to be our prime activity and is growing steadily. In 1929 we took care of 37,945 Clinical cases (7193 of these were new cases) and 999 Free Hospital cases. We have twelve paid workers. The gross cost of the Department was \$26,384.94, less \$8,244.30 paid in clinical fees, or a net cost of \$18,140.64. The wonderful work done by St. Luke's doctors, who give their time unsparingly to this Department, is an inspiration to all of us. Special attention is called to the various reports of this Committee.

Again we sent one of our nurses to the summer school at the University of Chicago. She is back at St. Luke's doing fine work. We have another of our nurses at Columbia University. When she finishes her year she will return to us bringing new ideas and ideals. We have voted to send two nurses to Columbia University next year.

Space is too limited to tell of all the work of our various committees. Complete details will be found in the Year Book.

Donations from the Woman's Board and from members of

the Woman's Board to St. Luke's Hospital for 1929 are as follows:

For Hospital Deficit.....	\$ 6,000.00

	<hr/>
	\$52,643.00

The Woman's Board wishes to congratulate the Board of Trustees upon the splendid work done at the Hospital and upon the great accomplishments of 1929,—the new business organization and the many improvements in plant and house-keeping service. We want to thank them for their hearty co-operation and the privilege given to us as members of the new Hospital Committee. We feel as never before that we are a part of St. Luke's Hospital.

Respectfully submitted,

EMILY LYON GARY,

President.

January 9, 1930.

Madame Chairman and Members of the Board:

On February 28, 1929, the usual Annual notices were mailed to the Associate Members asking that they renew their membership for 1929. There were 259 notices sent at this time and 224 membership renewals resulted so that the amount received in dues totaled \$2,240.00. There were also two contributions, one of \$100.00 from Mrs. Charles A. Street, and another of \$50.00 from a friend, name to be withheld. The interest earned on this account amounted to \$10.74 during the past months so that the total of monies received in the Associate Membership Fund during 1929 was as follows:

Membership dues .....	\$2,240.00
Donations .....	150.00
Interest .....	10.74
Making a total of.....	\$2,400.74

# ADMISSION OF PATIENTS

**FOR CHILDREN UNDER 12 YEARS OF AGE \$1.00 PER DAY  
THE CHARGE FOR OPEN WARD BEDS IS \$3.00 PER DAY  
THE CHARGE FOR SEMI-PRIVATE BEDS IS \$4.00 AND \$5.00**

The Hospital cares for an average of about one hundred and fifty wholly free patients and will, when there are vacant beds in the open wards, receive patients whose means are limited for any sum which they may be able to pay and those without means as free patients, provided they are admissible under the rule governing the admission of patients.

Applications for the admission of patients who are unable to apply in person, must be made prior to sending them, and should be made between the hours of nine a. m. and five p. m. All promises of admission are made subject to the result of an examination, as to admissibility, on their arrival at the Hospital.

The financial status of all free or part pay patients is investigated by the Social Service Department and free treatment will not be given unless justified by the report.

Persons making application on behalf of others should be able to furnish concise information on the following points.

The nature of the disease or injury.

The duration of the disease or the date of the injury.

Present condition of the patient.

What treatment if any has been received?

Is the patient able to pay the full rate, or pay in part, or is he or she a proper subject for admission as a free patient?

Patients will in the usual course be received only between the hours of nine a. m. and five p. m., but emergency cases will be received at any hour.

Visitors to patients in the Main Building should apply at the Indiana Ave. office.

## EXTRACT FROM THE RULES

“The Hospital is for the treatment of acute, curable, non-contagious diseases and injuries. The following are inadmissible. Sufferers from contagious, dangerously infectious, or incurable diseases, cancers of an incurable and offensive nature, drug habits, delirium tremens, insanity, venereal diseases, phthisis and persons whose presence in the wards would be prejudicial to the welfare of the other patients.

“Patients who refuse to accept the treatment prescribed by the Medical Staff, or refuse to comply with the reasonable instructions of the physicians or nurses, or who willfully violate the rules of the Hospital will be discharged.”

**ANNUAL REPORT OF THE LINEN COMMITTEE  
OF ST. LUKE'S HOSPITAL  
1929**

December 31, 1929.

Madam President and Members:

The Linen Committee has given the Hospital this year 7,632 articles, costing \$3,294.04. Besides this, we have supplied Linen for the Training School of 828 articles costing \$520.02, paid the salary of the Supervisor of Linen of \$1,350.00, bought a rug for the Supervisor's room, costing \$74.66, and 2 steel cabinets for the Laundry, costing \$57.00.

The total amount therefore given the Hospital, as shown in the attached financial report, is \$5,149.41.

We take this opportunity to thank all those who have generously contributed to our funds and the churches and organizations who have helped make our garments.

Respectfully submitted,

MAY W. ELDRIDGE,  
Chairman.

# AUDITOR'S REPORT ST. LUKE'S HOSPITAL LINEN COMMITTEE

DECEMBER 31, 1929

St. Luke's Hospital Linen Committee,  
Chicago, Illinois.

Mesdames:

We have audited the cash transactions of St. Luke's Hospital Linen Committee as disclosed by the Treasurer's records for the year ended December 31, 1929, and have prepared therefrom the attached statement of Receipts and Disbursements and Interest Received from Investments.

The income receipts for the year ended December 31, 1929, exceeded the expenses by \$2,085.70, a decrease of \$2,173.02, compared with the excess for the previous year.

A comparison of the income receipts and expenses for the two years ended December 31, 1929, is shown in the following summary, details of which are presented in Schedule 1:

	1929	1928	Increase *Decrease
<b>Income:</b>			
Donations .....	\$5,537.00	\$ 8,647.00	\$3,110.00*
Interest .....	1,698.11	1,789.67	91.56*
Sale of Aprons, Napkins, etc.....	146.31	73.74	72.57
Miscellaneous .....		100.00	100.00*
	<hr/>	<hr/>	<hr/>
	\$7,381.42	\$10,610.41	\$3,228.99*
<b>Expenses:</b>			
Salary .....	\$1,350.00	\$ 1,500.00	\$ 150.00*
Material .....	3,814.06	4,775.02	960.96*
Miscellaneous .....	131.66	76.67	54.99
	<hr/>	<hr/>	<hr/>
	\$5,295.72	\$ 6,351.69	\$1,055.97*
<b>Income in Excess of Expenses.....</b>	<b>\$2,085.70</b>	<b>\$ 4,258.72</b>	<b>\$2,173.02*</b>

The decrease in income is primarily attributable to the fact that the 1928 receipts include two donations of \$4,000.00 each from the Women's Board of St. Luke's Hospital derived from the 1927 and 1928 Fashion Shows given to raise funds for the linen supply, whereas the 1929 receipts contain only a single similar donation for \$5,000.00.

In the course of our audit we reconciled the cash in bank at December 31, 1929, with the balance on deposit at the Continental National Bank and Trust Company. The disbursements for the year were found to be properly supported by invoices and cancelled checks, and all receipts recorded in the cash book were traced into the bank statements. The interest received on investments as reported in the cash book is presented in Schedule 2, but as in the past, we have not inspected the securities.

Yours respectfully,

EDWARD GORE & CO.

A nurse, Miss Nicolai, was sent to The University of Chicago for a summer course. Another, Miss Gilbert, is at Columbia University, New York, for one year.

The Orchestra and Glee Club maintained instruments and equipment bought and repaired.

Books and magazines were supplied for the year, and, through the kindness of Mrs. Morse, very beautiful and durable covers were furnished for magazines.

A Valentine party and a Christmas party for the nurses were among the activities of your committee.

Respectfully submitted,

MRS. CHAUNCEY B. BORLAND,  
MRS. SELIM W. McARTHUR,  
MRS. LESTER W. FRANKENTHAL,  
Chairmen.

## **BY-LAWS OF THE WOMAN'S BOARD OF ST. LUKE'S HOSPITAL**

### **ARTICLE I.**

The Board shall be called the Woman's Board of St. Luke's Hospital.

### **ARTICLE II.**

Its object shall be to aid the Trustees of the Hospital to provide bedding, table linen, china, reading matter, delicacies, comforts for the sick and furnishings for the Hospital and the Elizabeth Stickney Home (The Training School for Nurses), also to invite the co-operation and secure the help of the Episcopal Churches and all charitable people of Chicago in the work of the Hospital.

### **ARTICLE III.**

Section 1. Membership shall be of four classes: Honorary, Senior, Active and Associate.

Section 2. Honorary Membership may be conferred upon one who has rendered especial or distinguished service to the work of the Board. The name of one desired to be so honored shall be sent in writing, with the reasons therefor, signed by at least two members of the Board, to the Membership Committee. If the name is considered favorably by the unanimous ballot of the Membership Committee, it shall be recommended to the Board where election shall be by ballot. *A unanimous vote of the Board shall elect to Honorary Membership.* Honorary Members have all the rights and privileges of membership except the right to vote and hold office. Honorary Members pay no dues.

Section 3. Senior Members shall be chosen, on the recommendation or with the approval of the Membership Committee, from those who have served as active members of the Board. They shall have the right to attend all meetings, may vote at all meetings and have all the rights and privileges of active members except that of holding office. Senior members shall not, unless volunteering or expressing a desire so to do, be considered available for active work or service at the Hospital. Senior members shall pay annual dues of \$15.00.

Section 4. Active Members shall not exceed sixty in number; shall pay annual dues of \$5.00, and have all rights and privileges of membership.

Section 5. Associate Members pay annual dues of \$10.00. They shall have the right to attend meetings of the Board, and shall be notified by card of the annual meetings. Associate Members do not vote nor hold office.

Section 6. Candidates for membership on the Board shall be recommended in writing by two members of the Board to the Membership Committee. The Membership Committee shall vote by ballot upon candidates so recommended, and upon unanimous vote same shall be referred to the Board for final action. The Board shall vote by ballot upon candidates recommended by the Membership Committee. Three negative votes shall defeat election.

Section 7. The Membership Committee shall consist of the three Vice-Presidents with the Second Vice-President as Chairman and two non-office holding members to be elected by the Board at the Annual Meeting.

#### ARTICLE IV.

Section 1. Officers: The Officers of the Board shall be a President, three Vice-Presidents, Recording Secretary, Corresponding Secretary and a Treasurer.

Section 2. At or prior to the November Meeting of the Board the President shall appoint a Nominating Committee of five members, whose names shall be announced by the Recording Secretary at the November Meeting. To this Committee shall be entrusted the recommendation of a ticket consisting of at least one name for each office to be filled. No one shall be recommended by the Nominating Committee whose consent to serve has not been first obtained. The ticket so prepared shall be announced at the December Meeting. After which a copy shall be mailed to all voting Members of the Board, and shall be presented to the Board at its January Annual Meeting, at which meeting nominations may also be made from the floor. The election shall be by ballot and a majority vote shall elect.

Section 3. The officers elected at the annual meeting shall serve one year and until their successors shall be elected and qualified.

#### ARTICLE V.

Section 1. There shall be an Executive Committee consisting of the Officers of the Board and Chairmen of all standing committees. The Executive Committee shall meet at the call of the President.

Section 2. It shall be the duty of the President to preside at all meetings, appoint all committees not otherwise provided for, and perform the ordinary duties of the President.

Section 3. The First Vice-President shall perform all the duties of the President in her absence.

Section 4. The Second or Third Vice-President shall perform the duties of President, in the absence of both the President and the First Vice-President. The Second Vice-President shall be the Chairman of the Membership Committee.

Section 5. The Corresponding Secretary shall conduct all correspondence on behalf of the Board, and shall send the usual notices of meetings.

Section 6. The Recording Secretary shall keep and preserve reports and minutes of all the meetings, and shall mail copies of the minutes to the President and Corresponding Secretary. She shall also perform such other duties as may be directed by the Board.

Section 7. The Treasurer shall collect the dues and receive the Funds of the Board, and shall pay out money only as directed by the Board. She shall keep such records as may be prescribed by the Board, and shall submit to the President each month an accurate exhibit of receipts and disbursements.

#### ARTICLE VI.

Section 1. The annual meeting of the Board shall be held on the fourth Wednesday in January at 10:30 a.m., at which time the annual dues of \$5.00 shall be paid.

Section 2. The regular meetings of the Board shall be held at St. Luke's Hospital, on the first Wednesday of each month from October to June inclusive.

Section 3. Seven members shall constitute a quorum for the transaction of business at all meetings, including the Annual Meeting.

#### ARTICLE VII.

Section 1. Order of Business. The order of business for the Annual Meeting shall be as follows:

- (a) Prayer.
- (b) Roll Call.
- (c) Minutes of last Annual Meeting.
- (d) Reports of Officers:

Section 2. Order of business for the regular meetings of the Board shall be as follows:

- Prayer.
- Roll Call.
- Reading of the Minutes of the Previous Meeting.
- Report of the Corresponding Secretary.
- Report of the Treasurer.
- Reports of the Chairmen of various Committees.
- Miscellaneous Business.

#### ARTICLE VIII.

##### Duties of Members.

It shall be the duty of the members of the Woman's Board to attend the monthly meetings. A fine of \$1 for each absence from Board Meetings shall be assessed, except in the case of non-resident members.

#### ARTICLE IX.

Section 1. All Committees shall have power to increase their membership, adopt rules not inconsistent therewith, elect their own officers, the chairmen being members of the Board. Committees shall hold regular meetings at which the work of such committee shall be organized and transacted. The Chairman of each Committee shall report to the Board plans of work contemplated, and written report of the work accomplished.

#### ARTICLE X.

These By-Laws may be amended by a two-thirds vote at any regular meeting, notice in writing of the proposed amendment having been sent to all members of the Board.
